

# HEALTH & SAFETY POLICY MANUAL

2008/09 EDITION

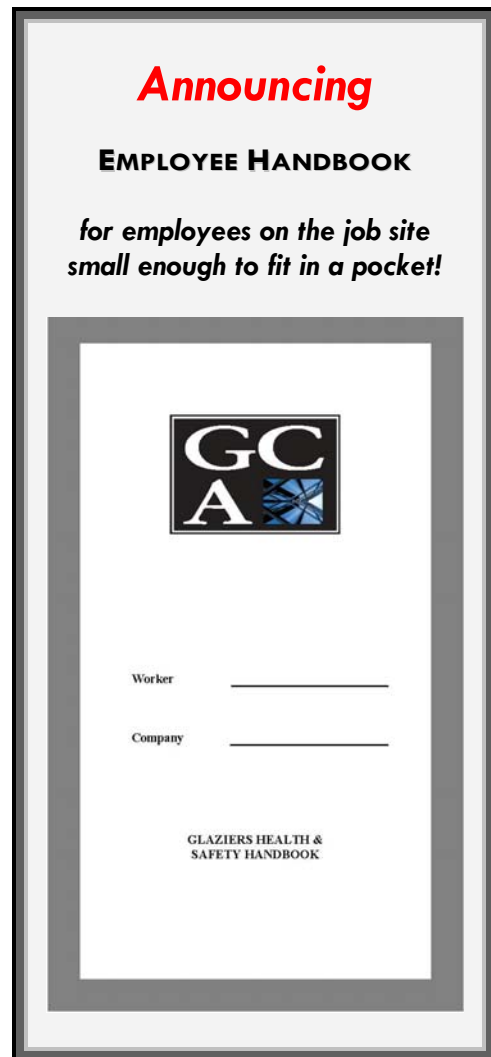

This manual is designed to provide your company with a personalized and structured Occupational Health and Safety Program that will assist in reducing accidents and ensuring compliance with Occupational Health and Safety regulations. Created in response to recent changes to legislation, this manual is of tremendous value in ensuring a safe and productive work-site.

Included in the Manual are samples of policies, report forms and checklists that are commonly used by glazing contractors and their employees.

This manual will be of enormous benefit in ensuring that everyone in your company is fully informed on Occupational Health and Safety requirements and work as a template for developing your companies health and safety program. This will assist in receiving the WorkSafeBC rebates.

Topics covered include:

- Health and Safety Policies
- Hazard Assessments
- Safe Work Practices and Procedures
- Company Rules
- Personal Protective Equipment
- Supervision
- Training & Communications of Workers
- Inspections
- Environmental Monitoring
- Emergency Preparedness
- First Aid
- Incident Investigations
- Injury Management and Return to Work
- Statistics & Records
- and many more topics!

### WHO CAN UTILIZE THIS RESOURCE?

- Contractors
- H&S Committee members
- Foremen
- Site Superintendents

*Make sure you have your copy!*

*"Having this manual on every job will put the glazing contractor light years ahead of the competition in demonstrating a commitment to job-site safety!"*

*Endorsed by the  
Construction Safety Network  
and  
Construction Safety Association of BC*
